

2021 CALVOLS Listos Grant Program Report

June 2021

2021 Highlights

OUTREACH TOOLKIT PROGRAM

42 PROJECTS AWARDED

GRANT AWARDS PROVIDED:
\$126,000

TRAILER TOOLKIT PROGRAM

12 PROJECTS AWARDED

GRANT AWARDS PROVIDED:
\$120,000

California Fire Safe Council is proud to announce the Outreach Toolkit and Trailer grant recipients. These custom toolkits and trailers were made possible with a generous grant from Listos CA. The toolkits and trailers will be utilized in communities and organized by neighbors to increase wildfire preparedness, prevention, and mitigation.

Through a partnership with Advanced Logistics and California Conservation Corps, each trailer is custom built inside with racks, tools, safety equipment, and more. These tools and trailers will provide important community support in wildfire mitigation and prevention.

Toolkits are an important and easy way to engage communities and non-profits. CFSC, through a Listos CA grant, will provide toolkits to local Fire Safe Councils and non-profits to aid in wildfire mitigation and prevention. Empowering citizens and communities with tools to plan for and create wildfire evacuation plans, defensible space, and home hardening plans is critical to the mission of CFSC.

The selected projects help California communities respond to the growing concern over catastrophic wildfire and exemplify efforts to create fire-adapted communities. Through sub-grants from CFSC, these projects support the implementation of fuel reduction programs such as community chipper programs, fuel breaks, and roadside and defensible space projects. These programs also utilize educational tools to spread the Live Fire Safe message as well as inspire and engage communities.

Congratulations to the Fire Safe Councils, resource conservation districts, fire protection agencies, and other non-profits who were selected for these awards.
